

WITTFITT PRODUCTS

• Special Educators & Therapists •

Your unique setting requires active seating & standing options that are easily adjustable to accommodate all of your students' needs.

SENSORY & ACCORDIAN DISCS

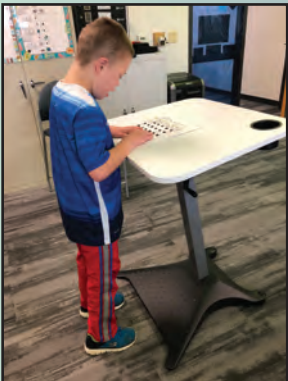

Air-filled seat cushion that mimics a stability ball to provide movement atop a standard chair or on the floor. Great for students who need movement, but may lack the muscle tone to use a stability ball or rocking stool.

BRIO ADJUSTABLE DESK

This height adjustable desk raises & lowers from 37-50" to suit a variety of users for both sitting or standing with the turn of a crank.

- Tabletop slants downward 3° for ease of use
- Anti-skid feet for stability & raised wheels for portability.

We have many other products that may fit your space & budget. Visit: www.wittfitt.com

TWIXT STOOL

Height adjustable, 360° swivel stool that easily raises & lowers to accommodate all heights & spaces.

Short
17-21 inches

Tall
22-31 inches

KICK BALANCE BOARD

A sturdy balance board with an anti-fatigue top design.

- Allows for side-to-side & forward-back motion
- Encourages blood flow that improves alertness
- Decreases fatigue caused by idle sitting or standing
